

— Assisting your job and internship search

Work on your CVs and applications, receive feedback on your material, get tips and tricks from our inspiration universe and structure your job and internship search. Get all of this from the comfort of your own home.

CV and application builder

Our CV and application builder helps you create professional material that you can personalise to your liking by applying colours and different sections, ensuring you get exactly the material that you've dreamt of.

Tips and tricks from experts

Our inspiration universe gives you access to a large selection of different articles and videos within the world of job and internship search. We have gathered knowledge from some of the country's most recognised experts.

Feedback on your material

We will assist you throughout your job and internship search process. We offer feedback via our feedback module, where you submit your material and receive feedback within 24 hours. The feedback will provide you with new tools and input to further your writing process.

Structure your job search

Get a full overview of the jobs or internships you've applied for, and that you find interesting, and much more via our module-based log. If a deadline is approaching, we will inform you, ensuring you don't miss your dream job.
