

Student E-mail setup on smartphones

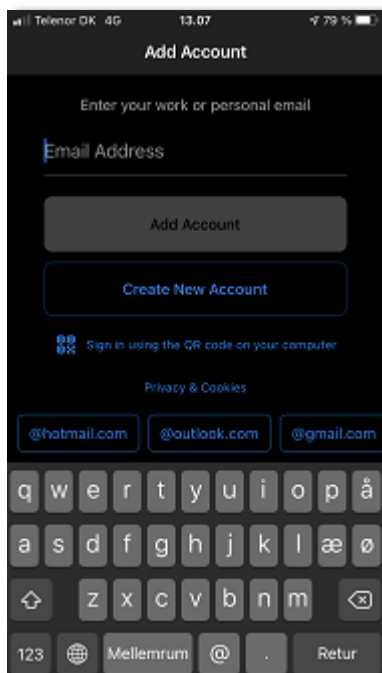

In order to receive student e-mail on your smartphone (Android or iPhone), you must use the Microsoft Outlook app, which you can download from the Google Play store or the Apple App Store.

To be able to install Microsoft Outlook on your smartphone, you must do the following:

- Log in to the **Google Play store** or the **Apple App Store** on your phone and search for **Microsoft Outlook**.

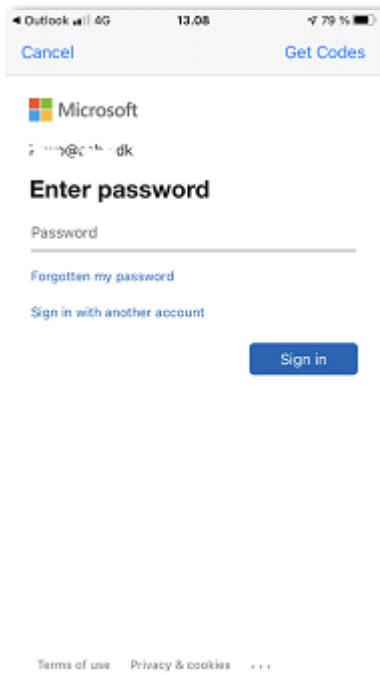

- Click **Install** to install Microsoft Outlook on your phone.
- Open **Microsoft Outlook**  on your phone.
- Enter your student e-mail (eg: eaaxyz@students.eaaa.dk) in **Email Address** and click **Add Account**.

Student E-mail setup on smartphones

- Enter your Password in **Enter Password**, click on **Sign in**.

- After logging in to Microsoft Outlook, click **Maybe Later** to go directly to your inbox.
